

INTERNATIONAL FASTENERS, INC.

"THE DISTRIBUTOR'S CHOICE"

DAGGER-LOK

*The "extra" quality
you need, with the
name you can
trust!*

◆ **DAGGER-LOK** screws are designed for cabinet work, counters, furniture, particle board, and sub-flooring applications. The 4 nibs under the head prevent spin-out and allow the screws to self-countersink for a flush installation.

◆ **DAGGER-CUT 17 Point** eliminates pre-drilling and enables a smooth, easy penetration into the hard woods.

◆ **DAGGER-LOK Round Washer Square** fasteners offer a larger bearing surface to allow more clamping pressure.

◆ **DAGGER-LOK Hinge** fasteners are designed for installation of hinges, sliders, and mounting plates to cabinets and other wood working applications.

◆ **DAGGER-LOK Face Framer** fasteners are designed for manufacturing of face framers on cabinetry.

DAGGER-LOK Flat Coarse Type 17
