Warranty & Limitation of Liability

All warranties of the products listed herein expressed or implied, including the warranties of merchantability and fitness for a particular purpose are specially and expressly excluded with the following exception: At its sole discretion, International Fasteners, Inc. will replace any product which it considers defective in material or workmanship except for normal wear and tear within 6 months from date of purchase from International Fasteners, Inc. Also, International Fasteners, Inc. shall not be liable for any injury, loss or damage direct, indirect, incidental, consequential or that arising out of the use of, misuse of, negligence, accident, or inability to use any Daggerz™ brand product from International Fasteners, Inc.

Return Policy

After written authorization is received from International Fasteners, Inc., material returned for credit or exchange will be accepted provided the following conditions are met:

- Material must have been purchased within 120 days of return.

- Material must be in resalable condition in original packaging.

- Material returned for credit or exchange will be valued less 20% restocking charge.

- Material must be returned to International Fasteners, Inc. prepaid.

Freight on replacement material is subject to the freight policy in effect at time of that shipment. Any special or custom order is final.

Terms and Conditions

Payment terms: Net 30 Days (subject to credit approval). Discounts available.

Credit Card payments are accepted.

Freight policies: determined by geographic location.

Pricing is subject to change without notification.

Stock quoted is subject to prior sale.

Quantities and weights listed are approximate.

All Information listed should be verified for reliability if necessary.

INTERNATIONAL FASTENERS, INC.

International Fasteners, Inc. was founded in 1996 and soon established the Daggerz™ Brand of construction fasteners. With years of service to the fastener community, the team continued to grow what once began as a rep agency to the fastener industry into **"The Distributor's Choice"** throughout the United States.

IFI has continued to grow the Daggerz™ brand into one of the most comprehensive selections of quality construction fasteners sold exclusively through the distribution channel. Our offering includes an extensive line of self drill screws, drywall screws, deck screws, wood screws, concrete screws, post frame screws, needle point screws, panel clip screws, specialty aluminum industry screws, bonded washers, bits and threaded rod. Our Daggerz™ brand screws are packaged in color coded cartons for ease of material identification.

We have six locations available offering distributors prompt delivery of high-quality products all at competitive pricing. We are one of the largest importers of self drilling screws and we were the original industry leader to offer our screws in plastic buckets. International Fasteners, Inc.'s success is built on our dedication to service, our loyal distributors, the relationships with our quality suppliers, and most importantly, the true professionals who sell, service, and ship our products every day.

IFI specializes in programs that are customized to meet the specific needs of our distributors. We can do small packaging programs and with convenient shipping points, we are "large enough to handle your business, and small enough to care." Give us a try and **Make us Your Choice** today, call **(888) 241-0203**.

Call for price and availability on painted heads

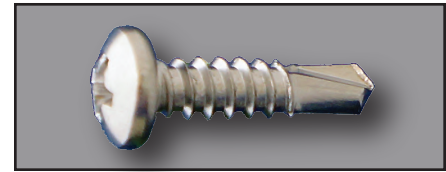

HVAC and electrical use where a lower profile head is desired.

Self Drill Screws have a tip to cut through material and eliminate the need to drill a pilot hole.

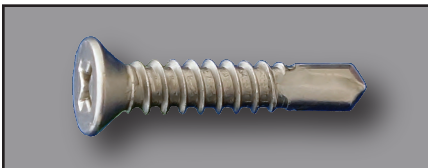

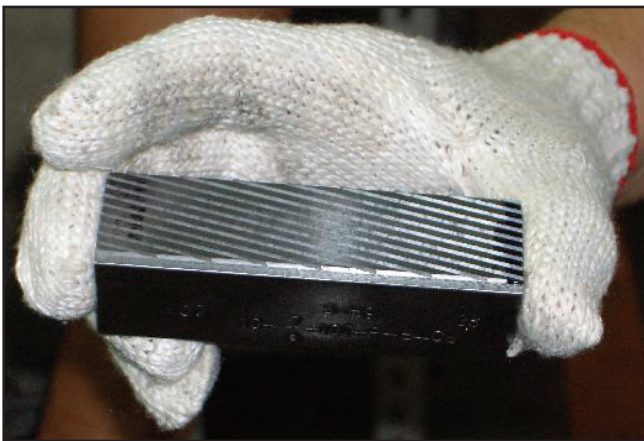

Recommended for light steel to steel applications.

Wings ream the hole larger than the threads so the threads will not engage the wood.

Wings break off when they hit the steel, then the threads engage.

The Purpose of Wings is to prevent "Jacking Action"

Packed and sold in bundle quantities. 304 Stainless Steel is available by the piece count.

Due to the size and nature of the product, threaded rod is currently stocked and sold out of our East Coast locations.

Make us your choice for overseas partnerships.

FLOOR to DOOR MILL SERVICE

**Low Minimums
based on product.**

Not in our catalog? No problem.

**We can supply most screws,
including specials per print.**

Threaded Rod? No problem.

**We can supply most rod,
including special sizes.**

Full Container? No problem.

**We can help you save
margin dollars
on high volume product
by shipping direct to your door.**

Need more? No problem.

**We can set up a full program
of containers to get you
through the year
worry free!**

From the factory floor to your door, NO PROBLEM.
